

Dear Club Captain,

Please see below the event allocation for the qualifying rounds for the CompassSport Cup 2024. All the clubs have been given their first choice. It has proved impractical to comply fully with the current rules on the number of clubs at events which if applied would result in considerable excessive travel time, increase unnecessarily the carbon foot print of the event and result in extra personal cost.

The rule (1.1.6) as it is, is not suitable for the relatively small number of Cup entrants (20) spread over 7 events and has been temporarily suspended for 2024. In the future the following will be applied. "In a qualification round, if a club that finished in the top three in the previous year's Final is taking part, then there must be a minimum of two other clubs at that round for the provisions around additional qualification to apply."

The Coordinating Group recognises that the competition requires revision and will be considering an updated format for 2025.
